REMARKS:

1. Attached for your information is a copy of the memorandum on the Cambodian military situation that went to the White House. OCI has some extra copies if you should need them over the weekend when you leave for the West Coast, though by then distribution will have been made to all government components. Also attached is the full text of [redacted] drawn on as one input to this memorandum. I think the cable merits reading in its entirety, however, and you might want to take the full text with you.
